

Review of makos Lesson 17 - Daf 4B:

(i)**Version #2 (Beraisa - R. Yehudah):** "Lo Sosiru... (veha'Nosar... ba'Esh Tisrofu)" - the verse regarding burning leftover sacrificial meat gives an Aseh (positive Mitzvah) to fix the Lav (negative sin), therefore one is not lashed for it;

(j)**(R. Yakov):** No, one is not lashed because this Lav is transgressed without an action, one is not lashed for such Lavim;

1.**Inference:** R. Yehudah holds that one is lashed for such Lavim. (those transgressed without an action)

(k)**Question:** What is R. Yehudah's source?

(l)**Answer #1 (Ula):** He learns from Motzi Shem Ra, who did not do an action, yet he is lashed.

(m)**Question:** We cannot learn from Motzi Shem Ra, for he is lashed and pays (unlike other Aveiros)!

(n)**Answer #2 (Reish Lakish):** He learns from Edim Zomemim, who did not do an action, yet they are lashed.

(o)**Question:** We cannot learn from Edim Zomemim. They are lashed without warning (unlike other Aveiros)!
